#### Win tickets, a place on a guestlist, DVDs, etc.

We're launching our sweepstakes feature this week with Pure Bass 2. With bags of other stuff to give away and a lot more to come, this may be the best new reason to get your friends registered at SacLights. Go to SacLights and search for "i-win" to find what's available. These will change frequently and come up at the last minute. You'll want to check in often for the best in free. If you're a business, send an email to [info@saclights.com](mailto:info@saclights.com) and we'll work with you to give your stuff away too.
