28. NARRATIVE REPORT

Arrived @ 9-82 @ 0800 hrs after meeting crew @ 0630 @ district office. Began planting @ 0830 hrs. Crew is very new. Half way through bag up (300 each), one crew man became physically ill. I informed the foreman, Jorge, about this. He checked out planter and stated he was dizzy and vomiting from drinking too much water @ the break. I told Jorge if the planter isn't feeling better soon then he needs to go back to the Van. approx 30 min later the planter became sick again. Jorge checked him out and stated he (with the planter) was starting to feel better. I let him continue to plant, taking Jorge wordy for it.

Crew is very very new. Quality is ~~low~~ ^{as low} about. Crew took lunch @ 1215 hrs. Crew still had trees in bag. Jorge stated they will eat
