

STATE WORKER REFUGEE CAMP-OUT

WHERE: IN FIELD ACROSS STREET FROM
KVSP

WHEN: DATE TO BE ANNOUNCED

WHO: EVERYONE THAT IS CONCERNED
WITH THEIR ENTIRE LIFE BEING STRIPPED
AWAY AT THE HANDS OF INCOMPETENT
POLITICIANS.

THE TIME HAS COME FOR US ALL TO MAKE A STAND!!!!!!!!!!!!!!

**REPORTS KEEP COMING IN
ABOUT US BEING CUT TO
MINIMUM WAGE.**

What will you do? Will you be able to pay your bills? Will you be able to pay for childcare? Will you be able to put food on the table? Will you have a home, a car or anywhere, suitable for your family to live or will you end up in a tent, trying to simply survive, day by day?

How long are we going to remain silent? We have been hit with illegal pay cuts, disguised as 'furloughs' that

most of us, have not been able to take. We face the constant threat of danger and violence every day inside California's prisons only to face constant, unwarranted criticism of our profession, our pay and our integrity by people like Arnold and Meg Whitman, who reside in mansions and can never know the struggle we face.

So let's make a stand once and for all and for all to see. Show them what the result of cutting our pay another dime will be. We will be camped out on their front lawn and

we will hold them personally responsible for our losses.

Bring your tents, bring your food, bring your uniforms and shower gear because we intend of living here, working from here and staying here until someone, somewhere, takes notice and stops the attacks on us.

We are not the problem and neither is our pay. We are tired of being blamed for the shortcomings of the elected officials state wide and we intend to take our state and futures back!

**- - THEY HAVE NO SENSE OF REALITY
THEY LIVE IN AN ENCHANTED,
PRIVILEGED WORLD, NOT ONLY MUST
WE SHOW THEM OURS, WE MUST MAKE
THEM GO AWAY!!!!**
